EXPERIENCE

JUNE 2018 – FEBRUARY 2021

REGISTERED NURSE, UNIT 2A MEDICAL/SURGICAL/ONCOLOGY/TELEMETRY VA PALO ALTO, CA

- Functions independently and effectively as charge nurse to delegate and oversee 27 patient bed capacity: setting and shifting priorities under stressful situations and managing staff/patient flow to ensure high quality patient experience
- Ability to function under stress with strong interpersonal and communication skills; provides competent patient-centered care for up to 5 acute care patients at a time and/or up to 3 hematology/oncology patients receiving chemotherapy/biotherapy regimens, transfusions, antibiotics, and IV fluid needs.
- Assists in the coordination of admissions, transfers, and discharges of patients
- Collaborates with the Oncology Nurse Coordinator and/or Oncology provider in the care coordination of patients' treatment during their hospital stay and post-discharge needs
- Develops and maintains constructive working relationships with physicians, nurses, and other medical staff; actively collaborate during monthly unit meetings; contributes to positive morale, using constructive and effective conflict resolution skills
- Demonstrates adherence to unit programs aimed at decreasing hospital acquired complications such as CAUTI, CLABSI, Falls, Sepsis, etc.
- Active mentor and preceptor to 2 new graduate Registered Nurses, 3 experienced-hire Registered Nurses, and 3 VALOR nursing students; provided direct supervision
- Stays abreast to current professional and technical nursing knowledge and applies when appropriate; seeks opportunities for continual improvement in patient care, the work environment, and the field of nursing:
 - ONS Chemotherapy Biotherapy Certification
 - Preceptor Training Course
 - Charge RN Training Course
 - Stanford Healthcare Con Attendee 2019
- Serves as Clinical Practice Council Chair on the Unit-Based Shared Governance Committee to improve hospital standards, December 2018 – present: establishing unit-specific goals such as reducing falls, reducing unit acquired pressure injuries, creating and implementing a behavior emergency response protocol, developing projects to improve patient satisfaction, and establishing unit-based Standard of works.

OCTOBER 2015 – JUNE 2018

REGISTERED NURSE, UNIT 4C SUB-ACUTE REHAB VA PALO ALTO, CA

- Chair of Unit-Based Shared Governance Committee; Initiates and participates in quality improvement projects, education in-services, and patient safety initiatives designed to increase the standards and quality of nursing care
- 2018 Donna Wright Competency Champion; assessed areas requiring competence and developed methodology for verification process. Planning process included insight from all nursing staff as well as nurse manager.
- By end of first year, trained as Charge Nurse; functioned as unit peer leader and sepsis/CLABSI prevention champion
- Provide a wide array of wound care and manage safe medicine administration through all modalities: oral, IV, IM, Subcutaneous, and PEG-tube routes; including oral chemo
- Collaborate with interdisciplinary team including physicians, pharmacy, PT/OT, nutrition, recreational therapy, social work, chaplain, and volunteers to enhance design, and develop performance improvement efforts
- Directs and supervises the patient care provided with nursing assistants
- Maintain accurate patient records reflecting patient's condition, medication, treatment, and reactions in accordance with HIPAA regulations, policies, and procedures for nursing care
